## Request for Summary of Benefits Received Under the Hazlewood Act

State law limits the number of college credit hours for which a student can receive benefits under the Hazlewood Act. Beginning with benefits received for the Fall 1995 semester, a student can receive benefits for up to 150 credit hours, including remedial courses but excluding community education courses.

In order to determine whether you are eligible for Hazlewood Act benefits, please submit this form to the Financial Aid Office at each school you have attended since July 31, 1995. We will be unable to process your application until our office receives this form.

Dear Previous Institution:

I have applied for benefits under the Hazlewood Act at Texas Southern University. To determine my eligibility, I must document the total hours for which benefits were received after July 31, 1995. Do not include community education courses.
