After your financial aid file has been reviewed and all necessary documents are found to be present and accurate, you will be mailed a financial aid award letter. Your financial aid will be activated automatically after you register; the computer system will document your enrollment hours and prepare your funds for disbursement.

If you decide not to attend TSU after you have registered, please complete the withdrawal process within the Registrar's Office. Since financial aid awards are automatically applied to your account, you will not be dropped from class automatically due to non-payment.
